UNIVERSITY OF CALIFORNIA, SANTA CRUZ
COMPUTER SCIENCE AND ENGINEERING DEPARTMENT
Ongoing Lecturer Pool

The Department of Computer Science and Engineering [<https://www.soe.ucsc.edu/departments/computer-science-and-engineering>] at the University of California, Santa Cruz (UCSC) invites applications for an ongoing pool of full-time and part-time Lecturers to teach courses in computer science/engineering and technology management. Computer science/engineering course topics include, but are not limited to, all areas of computer science and engineering: algorithms, analysis of algorithms, animation & visualization, architecture, artificial intelligence, assistive technology, computer literacy, computer programming, computer system design, database systems, data structures, digital design, embedded systems, graphics, machine learning, mobile and cloud computing, networks, security, sensor technology, and software engineering. Technology management course topics include, but are not limited to, knowledge management, information retrieval (or data mining), information technology systems design, operations research, entrepreneurship, services engineering, and product development. Outstanding candidates with experience to teach courses in one or more of the above areas are encouraged to apply. The campus is especially interested in candidates who can contribute to the diversity and excellence of the academic community through their teaching and other assigned duties. Appointments are temporary positions with end dates and generally made one quarter at a time, based on the changing curricular needs of the department.
